

# FIR CENTER SEMINAR

Few ways of real and novel THz sources  
based on semiconductors

Speaker: Dr. Sergey Morozov

(Head of Lab “Physics of semiconductor  
heterostructures and superlattices”,  
Institute for Physics of Microstructures  
Russian Academy of Science, Visiting  
Associate Professor of FIR UF)

Date: 14:15 - 15:15, Sept 26th (Thu), 2019

Place: Colloquium room, 5F, FIR UF

Organizer: FIR UF

Host: M. Tani  
Phone: 0776-27-8659  
(Ext. 2724)
